Kepatihan Wetan is a small Kelurahan located near the center of the city. It has an art school in the north and a large traditional market in the south. There are many shops along the main roads. Most of the land is magarsari.

This Mini Atlas collects information about Kepatihan Wetan so everyone can see and understand what is going on. Information about the condition of services can help people discuss what they want from the annual participatory budgeting process, musrenbang. Our goal is to make citizens more informed about their communities.

**What are Kepatihan’s assets?**
- Many governmental and commercial institutions
- High rate of school attendance
- Proximity to city center

**What are potential issues?**
- Poor drainage
- High poverty levels
- Very low land tenure

**Housing in the Magarsari Area**
Kepatihan Wetan has very low land tenure. Many residents live on magarsari land but wish to gain land tenure from the government. They have not yet succeeded.
