What’s happening in Penumping?

Penumping is a centrally located neighborhood with many public institutions. There is colonial architectural heritage along the city’s main road – Jl. Selamet Riyadi – and in residential areas. It has good levels of public services, such as water and education.

This Mini Atlas collects information about Penumping so everyone can see and understand what is going on. Information about the condition of services can help people discuss what they want from the annual participatory budgeting process, the musrenbang. Our goal is to make citizens more informed about their communities.

Penumping’s Location in Solo

Central location and access
Concentrations of poverty
