Timuran is a small Kelurahan in the center of Solo. The Kelurahan boundaries are busy, commercial streets with traders, public institutions, and hotels. Inside the Kelurahan, families of mixed incomes live in dense residential areas.

What are Kelurahan assets?

- High participation in musrenbang
- Livelihood opportunities provided by commercial activity
- Proximity to city center

What are potential issues?

- Drainage on Kali Toklo
- Need for livelihood development for newcomers
- Health issues from annual flooding

Land tenure in Timuran is higher than the Kecamatan average of 4%. Timuran has the lowest absenteeism of all Kelurahan in Banjarsari. This means the youth are getting an education. This is an asset for the community.

Land tenure in Timuran is higher than the Kec. average of 48%. This is an asset since high land tenure means the neighborhood is stable. Families who lack tenure tend to live in informal areas near the hotels. People on magarsari land also lack tenure.

POVERTY RATE = 16%

Poverty is the same as than the Kecamatan average of 16%.
